Primary School PE and Sport Funding

The government has provided additional funding of £150 million per annum for academic years 2013 to 2014 and 2014 to 2015 to improve provision of physical education (PE) and sport in primary schools. This funding - provided jointly by the Departments for Education, Health and Culture, Media and Sport - will be allocated to primary schools across the country. Schools must spend the additional funding on improving their provision of PE and sport and have the freedom to choose how they do this.

Our Vision for PE and Sport

At Horningsham we aim to provide high quality physical education for all children, delivered by members of staff, who are committed to engaging pupils and developing their skills in this area of the curriculum. We want to provide all children with the opportunity to engage in competitive sporting activities, both within our school and within the Warminster cluster. By delivering these opportunities for our pupils, we aim to have a positive impact on their physical development, all-round health and confidence, while fostering a love of physical activity, which they will carry forward as they move through life.

In order to make our vision real, we have identified these key strands for development:

Enhancing the Quality
of PE Lessons.

Promoting Healthy,
Active Lifestyles.

Developing School Sport
Opportunities.

Grant received to date:

Horningsham will receive £8000 plus £5 per pupil after the first 15 pupils in school. The funding is ring-fenced and therefore can only be spent on provision of PE and sport in schools.

From this we have developed a PE curriculum overview.</i></p> <p><i>The staff audit has identified areas that we need to get in-house training through sports specialists/coaches in school.
